
MCF Structure

As a developing not-for-profit organisation, the MCF is led by an INTERNATIONAL board, with regional representatives and specialist member consultants. To launch a new region, [click here](#) .

Members pay an annual membership fee, in varying levels of membership. For more info on membership [click here](#). MCF member funds are managed in Australia, where the foundation was first legally registered. The MCF is either a registered legal foundation or in the process of legal registration in each region represented. Meta-Coach Foundation chapters are registered as Foundations or Non-Profit organizations around the world.

As the international association for promoting Meta-Coaching around the world, the MCF is always looking for forward looking Meta-Coaches who are willing to provide the leadership in their area. If you would like to begin a Meta-Coach Chapter in your city, region, or country and to join the international community of people who believe that Meta-Coaching is on the cutting-edge in the field of Coaching today, [click here](#)
