

Research and Development

The MCF Research and Development Committee are currently developing and planning research initiatives for 2007. If you plan to or are currently completing a Masters or Doctorate Degree in a Coaching related topic, are working on an academic research project, committed to evidence based coaching research and wish to be involved in MCF research and development initiatives please email to L. Michael Hall, Director of Research and Development on meta@acsol.net This email address is being protected from spam bots, you need Javascript enabled to view it.
